FOR

### United States 20th Century Issues

From the many letters we have received during the past weeks, from collectors and dealers to whom we have either sent sample pages or complete albums, we can not find one who was dissatisfied. The phrases contained in these, rang from "A thing of beauty" to "A Wow!". In the beginning we dared only to hope that we would please some; now it looks like we have pleased every one. Truly a remarkable record. To those dealers and collectors who have not yet ordered a sample page or an album, we can only say that we are passing up the most unique, attractive, and up to date album on the market today. Why not modernize and beautify your collection. This you can do with a Vernon Album. Handsomely bound in a Special Elbe spring back binder in either Green or Maroon.

## The Future of Philately

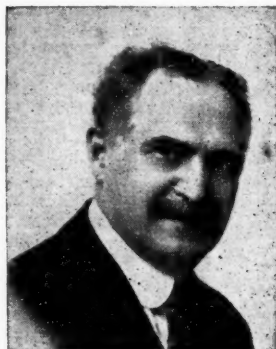

By Brig.-Gen. W. DICKSON

AM not sure whether the views I am about to express will be regarded as those of a die-hard reactionary or those of a blood-thirsty revolutionary. Such a two-sided possibility has, however, the consolation that there may be found in it something that may appeal to all shades of your readers, from those of the brightest ultramarine to those of the deepest carmine-red.

At the season of the year which witnesses the appearance of the annual crop of new catalogues, there must be many in whom these catalogues invoke reflections on the future of our hobby. I may be unduly pessimistic, but the reflections which these catalogues seem to invoke do not appear very pleasant or very hopeful. Open the pages of a catalogue anywhere at random and what, ten to one, is it that will meet the eye? Illustrations and lists of hideous surcharges or overprints disfiguring the postal issues of a country and accompanied by a minute classification of the various forms of carelessness displayed by the printers in producing these monstrosities. It is often a work of some labour to hunt out the unadulterated issues from the masses of surcharges, etc., amongst which they are embedded and hidden away. And it is not as if these horrors appeared in response to the genuine postal needs of a country. It is probably no exaggeration to say that 90 per cent of them are merely cases of "sending round the philatelic hat." Anyone with the smallest experience of administrative organisation will realize that the frequent hurried overprinting of stamps to meet sudden calls for values that are running short or for new values that are required, is not a thing that should occur in any properly run business concern, such as a Postal Department should be. It has been truly said that sudden demands of this kind indicate the need, not for

a new provisional issue, but for a new Postmaster-General.

But this is not the only form of weed that chokes up our philatelic

### HENRY A. DIAMANT DIES

Henry A. Diamant of St. Louis, Mo., Chairman of the Publicity Committee of the A.P.S., and past President of the St. Louis Stamp Collector's Society, died suddenly, just after dressing for breakfast, Saturday morning, April 2, at his home in St. Louis.

Immediately prior to his death he seemed in excellent health, and was planning a trip to New York. Physicians state his death was due to heart disease. Mr. Diamant was 69 years of age.

Further details will be published in next week's paper.

various forms of commemorative or temporary issues. Original sin in this shape had its rise in the United States when Satan tempted the postal authorities of that country with a golden apple on the 400th anniversary of the discovery of America by Columbus. And since then the virus has been spreading alarmingly at an ever-increasing rate. Countries that remained philatelically pure until recently, such as France and Great Britain, have at last gone under and the catalogue shows at the present time hardly any country that is free from infection.

It is the contemplation of all this that fills one with dismay for the future of our hobby. Most of us have been through the experience of hunting for a new country to "take up." And most of us have also experienced the feeling of disgust as we examine the catalogue lists of various "possibilities" which we reject owing to the quantity of surcharges and other excrescences with which their postal issues are choked up. A little more and Philately will be reduced to the level of the collection of picture postcards, or match box labels. Philately seems in danger of dying as a result of the weeds with which it is yearly becoming more and more overgrown.

The evil has long been recognized and the older generation of philatelists will remember the well-intentioned efforts of the S.S.S.S. (Society for the Suppression of Speculative Stamps). These efforts failed, and did so probably for two reasons. On the one hand its methods savoured somewhat of the sergeant-major, and people will not be dragooned regarding their hobbies. On the other hand it displayed a certain partiality, if not temerity, in, for example, blacklisting the Olympic Games issue of Greece while fearing to lay hands on the biggest sinner of the lot, the Columbus issue of America. And again, more recently, the public-spirited intention

of such rank growth certainly and garden. There is another form, not often pleasant to look upon, but yet a weed for all that. I refer to the

of certain dealers not to list or stock a horror like the Malaya-Borneo issue of the Straits Settlements, also resulted in failure. We have to recognize the fact that so long as responsible governments issue these things, there will be collectors who will want them, and therefore dealers must list and stock them. A dealer has to think of his business, and an excess of public spirit will probably only lead to loss of business to others less public spirited. It is no use trying to imitate Canute (or was it King Arthur?—it is a long time since I was at school!) trying to stem a flood of water. If the evil is to be checked at all, it can only be by a more subtle method.

The remedy I would suggest is one that interferes in no way with the freedom of collectors to collect what they please, it is one that would interfere in no way with the business of dealers. It lies in the hands of the publishers of the recognized catalogues and consists merely of an extension of the system under which at present they list separately, away from the main body of a country, such things as officials and postage dues. Why not divide the philatelic garden, and instead of mixing up leeks and turnips with roses, producing the feelings of disgust already referred to in the would-be philatelic botanist, keep each kind in its own area? I would suggest that the lists of each country be divided into separate portions dealing respectively with: (a) the regular unadulterated issues, the creme-de-la-creme of the country, (b) provisional issues, generally surcharged, (c) commemorative issues, (d) air post stamps, (e) officials, (f) special service issues, i.e. charity, war and others of that ilk, and (g) postage dues. Such an arrangement would bring to light the tempting possibilities of many countries that are now hidden by the present olla-podrida arrangement of the catalogues. It might also facilitate new ranges of specialism, such as in air stamps or commemoratives. A specialist in the commemoratives of the United States might cherish the

hope of filling a library of albums. But the main object of the innovation, which there need be no attempt to disguise, would be to lower the "social status," so to speak, of subsidiary issues, as compared with regular issues. A more subtle and, I venture to submit, a much more certain method of combating the evil that threatens Philately than any Canute-like waving of arms.

But, it may be urged, why alter the catalogues? Surely any collector can do for himself what is suggested above. Certainly, if he has the leisure. I have done so myself. I prepare my own lists of the countries I am interested in, from the catalogues, on the lines indicated above. The pages of my albums are divided into the "rose garden" and the "backyard" of a country. In the former I let myself go in an attempt to secure fascinating ranges of shades of the simon-pure regular issues, while subsidiary issues, if collected at all, are relegated to the backyard to be represented there by the minimum number of specimens. But I have only been able to do this since retirement

from the Service gave me an abundance of leisure for my hobby. The vast majority of collectors are busy men and women to whom Philately comes as a blessed breeze from heaven to sweeten their scanty hours of leisure. It is the function of catalogues, as it is the business and the interest of dealers, to pave the way and make things easy and attractive for those who constitute the great majority of the votaries of our hobby.

There is a saying that it is an ill wind that blows no one any good. It applies, in a way, to the commemorative issue. Collectors will probably agree that the most interesting stamps are those where the same design has been in use for a prolonged period, and where the different stages in the stamp's life can be traced through the paper, the tone or the printing, e.g. the U. S. 1870 and 1890 types, the first and second types of Greece, the "Large Cents" and the "Small Cents" issues of Canada, etc. It must be the hope of every well-wisher of Philately that regular issues in future will tend to conform more and more to the example set by these issues. And it is just here that the commemorative issue, evil thing though it be, fulfills a useful purpose. It tends to keep the hands of governments, that look to the philatelic hat as a source of revenue, off their regular issues, and prevents any following of the example set by the late-lamented Seebek in his dealings with the Central American Republics, an example which, if generally followed, would spell a speedy death to Philately. The philatelic purist, therefore, while wishing long life and a ripe old age to all current regular issues, can at the same time extend a blessing to the commemorative, and while warning him off his rose garden, can express a hope that he will flourish and continue to bring in well-filled hats to the governments that send him round.

### ONE HUNDRED MILLION ARBOR DAY STAMPS

Word is just at hand through a newspaper clipping from the Grand Island (Neb.) Daily Independent, that the new Arbor Day Stamp to be issued April 22, will be an issue of 100,000,000 stamps.

We learn also from other sources that this stamp as well as the two new Olympics stamps are to be rotary press printed. This means that the Olympic Stamps will also be of a large number as the department would not attempt to rotary print a small issue.

The recent Edison stamp and the perf. 10 2c Black Harding are the only other two commemoratives that

have been printed on the rotary presses. We of course do not consider the Molly Pitcher in this statement.

K. M. GIERHART, BALTIMORE, OHIO

A. F. Gamber of Valley City reports the following items in blue ink from Owensboro, Ky., 3, 7, 8, 9, 10, 15, 20, up and down, 30, old 1c due. Also reports a 9, 11, 15, from Minneapolis in colored ink and from Seattle U-8 type 1c and 12c. I would be pleased to hear or see other varieties from the above mentioned towns. Mr. Gamber also reports the Lake Placid from St. Marys, Kans.

C. C. Damon reports practically the same varieties from Owensboro, but also reports a 15c Nashville in purple ink. Would like to see one of these and hear of other varieties if they exist.

The Lake Placid and Yorktown from Mt. Vernon, O., were submitted by C. A. Dawson of the same city.

Wm. J. Ream of Akron showed me a 3c Bicentennial from Southwick or Southwich, Mass., in a U-63 type and in purple ink.

LONGBOTTOM & EASTICK (B. P. A.)  
59 Holdenhurst Road, Bournemouth, England

A very interesting lot was submitted by D. G. Mellier of St. Louis. The best item was a 12c Ambridge, Pa. '17, in U-53. Next was the black Hardings from Cape Girardeau, Mo. in both 10x10 and 11 perf. The p10 is unlisted. A copy of the 8c Centralia, Ill. no bars or lines must be of the type that was deleted from the '30 catalog. Nevertheless it is interesting. I think the catalog makers should illustrate the type deleted or at least describe it. Lastly was several items, from the odd named town of Hyannis, Mass., including the 4c Taft.

Lawrence Bros. of Anamosa, submit a lot of interesting items also. The best among which is a 10c York, Nebr., in typewriter type and a mimeograph product. It is between double lines. I have mentioned the 13c value in this same type before and would like to know if any one has or knows of other values. An 8c Bloomington, Wis., in U-77 type and a bright purple ink takes my eye next. Wisner, Nebr., in a type set or at least it looks to me like it was type set is another fine item.

If some Canadian collector can give me list of the towns using only the numbers as a precancel I would be glad to insert it in this column as I think quite a few collectors would be glad to get this information. Give the town name then the number used at that town.

The new Arbor Day stamps will soon appear and I would like to hear or see the first one that is precancelled in your neck of the woods. Don't be backward send it in I will return it promptly.

## WISCONSIN ORGANIZES STATE CLUB

Wisconsin collectors gathered at Fond du Lac on Saturday, March 19, organized the Wisconsin Association of Philatelic Societies, one of the aims of which will be to press a movement launched at the meeting to secure issuance of a commemorative set of stamps in observance of the tercentenary of the state in 1934.

Jean Nicolet came to Wisconsin, exploring in the vicinity of Green Bay, in 1634, and it was suggested a set of stamps might honor Father Marquette, Allouez and other French explorers and missionaries who followed him, opening the great Northwest. For an airmail stamp to accompany the set it was suggested that a design showing the first arrivals at Ft. Howard, later Green Bay, in canoes, and the mail plane of 300 years later, would be suitable.

Historical societies and civic and fraternal organizations will be asked to co-operate with the state association in taking such steps as may be necessary to secure congressional and postal department approval of the suggestion.

Other aims of the state federation of clubs will be to sponsor frequent inter-club affairs and at least one all-state banquet each year, to assist in the organization of stamp clubs in cities where collectors are not organized, and to disseminate information of particular interest to Wisconsin collectors.

Delegates from clubs at Green Bay, Appleton, Oshkosh, Ripon, Sheboygan, Madison, Shorewood, Waukesha and Milwaukee were included in the attendance from more than 20 Wisconsin cities, and these delegates constituted an organization and nomination committee. Total attendance at the banquet was 104.

Verne P. Kaub, president of the Fond du Lac club, which is Branch 11, S. P. A., was named president of the state association. Other officers are A. W. Draves, president of the Shorewood Collectors' Club, vice president; C. A. Achtenberg, Madison, sales manager of the P. S. S., southern regional vice president; M. F. Hatch, president of the Appleton club, northern regional vice president, and Russell J.

at the banquet. It was intimated that Branch 11 is planning to invite the S. P. A. convention in 1933.

Other speakers were Hugh T. Gratz, Louisville, Ky., who entertained with an account of how he had flown a plane at Mattoon, Ill., 22 years ago, without having had any previous experience or instruction of any kind, and his son, Turney Gratz, Madison, Wis., one of the ten men especially honored at the banquet held when the Akron was launched, his work in developing commercial uses for helium having been considered as an important factor in making possible the building of the big airship.

J. Max Golding, founder and first president of the Chicago Aero Philatelic Society, was the principal exhibitor, showing the choicest items of his air mail collection, and a complete and highly specialized collection of Rumanian stamps never before exhibited in America, but a grand prize winner in exhibitions at Bucharest and Paris. This collection is valued at \$75,000.

Members of the Fond du Lac club exhibited 24 frames arranged as an educational exhibit. Exhibitors were Russell J. Broderick, Washington on stamps and covers, Christmas seals and charity stamps; Philo A. Foote, position blocks of U. S. stamps and U. S. commemoratives; Harry Gossink, Waupun, precanceled commemoratives in blocks; Rev. C. M. Starweather, North Fond du Lac, Wisconsin precancels and bureau prints; Carl J. Schroeder, Bavaria and Danzig; William Blank, Germany; Dr. Ralph S. Mills, Corea, U. S. offices in China and Chinese counterfeits; Shirley Jane Kaub, first day covers; Walter Webb, postal currency; Verne P. Kaub, position blocks of U. S. imperforates; Junior Stamp Club, dates and slogans on postage stamps, and Troop 13, Boy Scouts Stamp Club, requirements for merit badge in philately.

More than 1,000 covers, of which nearly 400 were air mail covers, were sent through the mails bearing the special cachet applied by Branch 11. This cachet showed an outline of Wisconsin with cities having stamp clubs indicated, and bore a supplement which announced, "First Proposal for Observance of Wisconsin's Tercentenary in 1934".

## An Epochal Flight

### The Ammel Around-the-World Non-Stop Flight

This is the greatest undertaking in aviation history and one that is practically assured of success.

MAJOR ROY AMMEL, who completed the first non-stop flight from New York to Panama, has perfected plans for an around-the-world non-stop flight, with two refuelings in the air—at Berlin and Tokio.

Covers will be carried on this history making flight from New York all around the world and back to New York. Arrangements have also been made for covers to be dropped at intermediate points, and a few will also be transferred to the plane at Berlin and Tokio.

SINCE PURCHASERS OF COVERS WILL BE IN PART SPONSORS OF THIS FLIGHT, A STATEMENT TO SUCH EFFECT WILL BE FORWARDED TO EACH PURCHASER. FURTHERMORE, IT IS THE INTENTION, AFTER SUCCESSFUL COMPLETION OF THE FLIGHT, TO PLACE THE PLANE, WITH NEW LINEN COVERING, IN THE SMITHSONIAN INSTITUTION, AND NAMES OF ALL COVER PURCHASERS WILL BE INSCRIBED ON THE SIDES OF THE PLANE.

The number of covers will be strictly limited, due to the fact that there will be a crew of four, and a load of 2700 gallons of gas will have to be carried. Therefore, Ammel, Incorporated, sponsors of this flight, reserve the right to reject any and all orders after the limited carrying capacity has been reached. The flight will probably take place late in June, or in July, but orders for covers should be sent immediately.

#### PRICES FOR THESE COVERS ARE AS FOLLOWS:

1. New York around the world to New York	\$9.00
2. New York to London	3.00
3. New York to Berlin	3.50
4. New York to Warsaw	4.00
5. New York to Tokio	6.00
6. Berlin to New York	6.00
7. Tokio to New York	5.00

Special richly designed envelopes will be used for these covers, as well as special government cachets. In the event negotiations are completed for the issue of special stamps by any countries, subscribers will be so advised and such special stamps will be used wherever possible. The autographs of Major Ammel and his three colleagues will be written on any covers, at an additional charge of \$4.00 per cover.

### INITIAL FLIGHT

Just prior to the around-the-world flight, Major Ammel will make an initial non-stop flight from New York to Los Angeles and back, without refueling. A limited number of covers will also be carried on this flight as follows:

8. New York to Los Angeles and back to New York, non-stop	\$2.00
9. Same, with the four autographs	4.00

Remember, the number of covers carried will be strictly limited, and orders should be sent as quickly as possible. The flight is sponsored by Ammel, Incorporated, Los Angeles, to whom all checks and money orders should be made payable, but all orders for these covers should be sent to:

B. W. H. POOLE, Special Agent,

612 Washington Building, Los Angeles, California

### CANCEL COLLECTORS

For the benefit of any of your subscribers, who collect cancellation slogans, the following information is offered. The little island of Barbados is using two forms of advertising cancellations. The first reads, "BARBADOS FOR ALL THE YEAR ROUND SUNSHINE AND SEABATHING", the second "SPEND THE WINTER IN SUNNY BARBADOS". A copy of the latter is enclosed for your disposal.

Trusting this a little bit helpful to some of your large "family", I beg to remain, Arthur Reichstein.

## POSSIBLE POSTAGE HIKE

At this hour it is not yet known what will be done by Congress in the way of a proposed raise in postage rates, in its effort to balance the Budget. The Postoffice Department has been kicking for over two years for a 3c letter rate but this raise has been flatly refused by the committee. Now, however, that congressmen are worried over the situation and afraid probably that their own salaries might have to be cut unless they soak the public properly, it is possible that this letter postage will be advanced to 3c. Should this change be made, we can look for it to go into effect inside of 90 days or less.

There are many possibilities in this present situation. Should this rate for letters be changed from 2c to 3c, it would mean a 3c stamped envelope. If the rate goes into effect before the Olympic Games at Los Angeles it will mean a 3c Olympic instead of a 2c Olympic stamp and if letter postage is raised to 3c it is certain that Air Mail letter postage should go to either 7c or 8c.

On the other hand, 3c letter postage would mean an 18c registration and postage fee combined, which would give a sinking republican administration a chance to shelve Woodrow Wilson on the 17c stamp and bring forth one of its favorites on the new 18c value.

Rumors from Washington even go so far as to intimate that the Postoffice Department is helping out its own deficit so handsomely by the issue of new commemoratives that it is suggested that a new one be put out each month for the balance of this Washington Bicentennial year, as a fitting way to celebrate and with the idea that the money from the stamp nuts is just as helpful in wiping out the deficit as that from any other source.

# EDITORIALS

**PICTORIAL COVERS** A fine copy of the 3c U. S. Postage stamp of 1861 can be purchased for two or three cents. If this stamp is on cover the price will be from five to ten cents but if this stamp is on one of the so-called "Patriotic Covers" the price immediately goes from a few cents up to a dollar or more and for some of the recognized rare varieties of picture covers, as high as five or ten dollars.

Originally, when stamp collectors began gathering covers that had been flown on air mail planes, these covers bore no marking other than the cancellation which distinguished them from other covers. It is true that in many instances the cancellation was of a distinctive type or form but that is about as far as the matter went. Later, as the number of collectors of these covers grew, the post-office department was prevailed upon

to mark these covers with a distinctive mark "Cachet", in order that they might be identified at a glance as being from a certain event.

To the real collector of Air Mail Covers, a cachet is not a necessary part of his cover. If the cancellation date is correct, he is satisfied, the sole object of the cachet is an identifying mark that is readily distinguished.

The popularity of Cacheted Covers has grown until there is a demand for a cachet or identifying mark on all covers used for first day of issue of a new stamp. This Bicentennial year has brought forth so many celebrations of noted historical events that collectors of covers are gathering mementos or souvenirs of these occasions by posting letters in the various cities or towns where the events are commemorated. For these letters a distinctively marked envelope is preferred and therefore we have the modern Patriotic or Pictorial envelope.

The object of the picture is solely to mark with a distinctive mark, so that the cover may be readily recognized as being tied up with some specific event.

Many beautiful and attractive covers are being obtained by those collectors who are following these events and another beautiful thing about these special event covers is that they need not be flown by air mail and a 5c stamp placed on them. Many of them can be had for a 2c stamped envelope and the use of a handsome colored printed envelope adds greatly to their beauty and interest.

Personally, we have little taste for the crude and horrible rubber stamp marks called cachets that are placed on many covers. As stated before, the object of the cachet is to identify the cover, when this identification is made possible by the use of an attractive printed cover, we prefer ours without the crude, smeary rubber stamp work.

**BIBLE STUDENT MAKES ERROR** Captain Townsend of Chicago calls our attention to the fact that the story "Mountains and Stamps" as published in our issue for March 26, and which was reprinted from Gibbons Stamp Monthly of London, has a horrible error in the text. In this article it states that Isaac offered up his son as a sacrifice whereas Captain Townsend who must be a real Bible student tells us that it was Abraham who offered up his son, Isaac.

Thus we have said that a Bible Student Makes an Error for the same article was reprinted in the same week by Mr. Wylie in Mekeels and Mr. Wylie who has quite a reputation as a Bible Student, had Isaac offer up his son as a sacrifice just as we did.

As for our part, we never had any reputation as a Bible Student, our Bible, at least the one that we believe in most has but eleven words in it and there is nothing in those eleven words about Abraham or Isaac. We refer to the Golden Rule.

**THAT P. O. D. AUCTION**

We recently printed a statement regarding the Auction sale of a couple sheets of the Hawaiian surcharges and other stamps of little consequence, by the Postoffice Department at Washington. Some people have gone so far as to question the genuineness of this statement so we are glad to have before us a letter addressed to the Toledo Stamp Company of Toledo, Ohio, offering these stamps at auction as we had stated. The stamps are described, sealed bids are asked for and bids are required to be addressed to the First Assistant Postmaster General, Division of Dead Letters and Dead Parcel Post.

At this time, we are also happy to give the result of the outcome of this big Government Auction of Postage Stamps. We failed to inquire as to the price the material brought but we can state that the lots offered were all purchased by Mr. A. C. Stewart of the Toledo Stamp Company, Toledo, Ohio.

**THE VERNON ALBUM WHICH** was recently mentioned in our columns was evidently not correctly described as we have word from the publishers that it includes spaces for all 20th Century postage issues. The publishers also state that they are preparing an edition or pages for the 19th century issues as well.

**THE POLISH STAMP WHICH** will picture George Washington will not be issued in Warsaw, until April 22. This information is from Captain Townsend who states that it came direct from his Warsaw correspondent. Thus collectors who have orders placed with dealers for this stamp, need only be patient.

**A SENSIBLE ALBUM**

The Poole Loose-leaf album for UNITED STATES postage stamps is eminently a sensible album—designed and planned for the collector of ordinary means. There are no spaces for postmaster provisionals, re-issues, reprints, rare types of 1851-57, rare grills, inverted centers or other varieties unattainable so far as the majority of collectors are concerned.

But it does contain spaces for all standard varieties, including perforation varieties of the 20th century issues, artistically arranged in a book that can never grow out of date.

Why not have a collection of stamps instead of an album of blank spaces?

A brief note from the editor of this column, C. C. Weber advises the publishers that he is laid up with an attack of "what ails him". We hope that C. C. can get some suitable medicine and again take up his work in this column. His friends and correspondents will understand if replies to letters are delayed.

In the meantime, Vic Rotnem sends us some interesting information for this column which we are glad to print this week.—G. W. Linn.

**SURVEY OF SCARCE BUREAU PRINT BLOCKS**

Original reports, in the press, were based upon the five largest collections of blocks, giving the number of blocks known, where less than four copies existed. The study is limited, at present to old types. If you are the proud owner of blocks of four of any of the following, please communicate with writer V. W. Rotnem, 121 Windermere Road, Staten Island, N. Y.

We present the following as a survey of twelve block collections.

**Blocks which are Unknown:** Lynn, 1c; Pawtucket, 1½c; Providence, 1½c; Tonawanda, 1½c—all 10x10. Batavia 1½c; Waterloo, 1½c; Dallas, 1½c; New Haven, 1½c; St. Paul, 1½c—all 11x10½. (Dr. Mitchell still prices Lynn, New Haven, Providence, St. Paul and Waterloo, from this it might be inferred that blocks exist.)

**One Block Known—10x10:** Battle Creek, 1c; Trenton, 1½c; Wheeling, 1½c. 11x10½: Cincinnati, 1½c; Lansing, 1c; Indianapolis, 1c, 1½c; Rochester, 1½c; Springfield, O., 1½c; South Bend, 1c; Wheeling, 1c.

**Two Blocks Known—10x10:** Kalamazoo, 1c; Muncie, 2c; Oklahoma, 1c; St. Paul, 9c; Scranton, 3c; Springfield, Mass., 1½c. 11x10½: Buffalo, 1½c; Jersey City, 1½c; Fort Worth, 1c; Warren, 1c.

**Three Blocks Known—10x10:** Dayton, 3c; Indianapolis, 1½c; Muncie, 1½c; Nashville, 1½c; Scranton, 1½c; So. Bend, 2c; Wichita, 1½c. 11x10½: Cleveland, 9c; Houston, 1c; Los Angeles, 1½c; Louisville, 8c; St. Paul, 3c, 7c; South Bend, 1½c; Springfield, Ohio, 1c.

Note—The original reporting involved 71 blocks. This report boils the number down to 46 items. Of these items 20 are 10x10 and 26 are 11x10½. This tends to authenticate the theory that old types on compound perforations are apt to be the source of far more of the rarities than the 10x10 grouping.

## South American Crash:

On Feb. 27th the weekly airmail plane which left Buenos Aires, Argentine for Uruguay, Brazil, Africa and Europe, disappeared with its four occupants. The whole of the mail (80 sacks) has been washed ashore at various points off the coast of Rio Grande in southern Brazil, as well as a certain amount of wreckage from the plane. A storm broke near that port that day, and it is believed that the plane was struck by lightning and destroyed.—A. H. Davis.

## Crash Mail:

Regarding the crash of the mail plane at Redlands, Cal., on March 19th, Postal Inspector Kline reported that some of the mail contained in the several bags was recovered and forwarded, the balance being destroyed or charred by fire.

## Portland-Seattle:

A new shuttle plane service from Seattle, via Tacoma to Portland, Ore., was inaugurated April 1st by United Air Lines with a Ford tri-motored plane. M. F. McCamley advises that about one pound of letters (125) were carried by Express of this first flight, and bear a cachet.

## Trans-Pacific:

Two Japanese Army officers Nagoya and Ashai were planning to attempt a non-stop Pacific flight from Japan to U. S. for a newspaper prize and purchased a Bellanca monoplane

for use in that attempt. This week while testing out the plane it crashed and Nagoya, the pilot, lost his life.—C. F. Adams.

## Porto Rico Flight:

The Committee which has been soliciting funds for feeding the children of this country, have arranged with Capt. Frank Hawks, noted pilot to make a flight from Washington to Porto Rico around April 12th, carrying with him the names of the contributors to this fund. On his arrival he will mail cards to all such contributors. In the event that there is a delay, of which you read, and you wanted to contribute, you can address the Committee at 450 Seventh Ave., New York.

## Europa Catapult:

Don Dickason reports that the first catapult, will be one trip leaving to New York, will be one trip leaving Germany May 4th. These covers will no doubt bear special markings, and if covers were sent to North German Lloyd, Bremerhaven, Germany, with international money order for 25c per cover, with request to mail on that trip, it would likely bring results.

## Bi-Centennial:

Franconia Township, Montgomery County, Penna., are planning a pre-tentious celebration from July 3rd to 9th, and a colored cachet will be sponsored. Send covers to Llewellyn Godshall, c/o D. W. 16 Club, at Souder-ton, Pa.

Least some of the new readers may not have seen notices of the following, we deem it important to repeat: April 21st, Trenton, New Jersey, will have cachet in honor of Washington passing through to be inaugurated. Send to Chamber of Commerce.

April 30th, San Francisco, Cal., in honor of the anniversary of his in-

auguration. Send to John D. Long, 3326 Fulton St.

May 12th, Alexandria, Va., for Dedication of Washington Masonic Memorial. Send to the Postmaster. Norfolk Celebrates:

April 26th, the Reopening of the OLD LIGHT HOUSE at Cape Henry, and this year the 250th Anniversary Homecoming. Cachets for both events by the Tourist Bureau, of the Chamber. Send covers to L. Erle White, c/o Tourist Bureau, Norfolk, Va.

## RADIO STAMP TALKS CHICAGO

Lt. Col. Ralph A. Kimble, who has been giving the weekly radio "Stamp Talks" from WMAQ, the Chicago Daily News, for the past two years, recently inaugurated an interesting new series of talks on the strictly educational-philatelic line. These have proved so popular and have prompted so many letters that he has asked us to print the program for this series of nine talks.

This series of talks, given over WMAQ every Saturday night at 9:30 P. M., Central Standard Time, covers the following subjects:

### THE ELEMENTS OF STAMP COLLECTING

#### An Introductory Course

No. 44 March 19—The Science of Philately: Explanation of Philately—Its Uses and possibilities.

No. 45 March 26—The Collector's Equipment: The necessary articles for beginning—their description, uses and cost.

No. 46 April 2—What to Collect—Different countries, types of stamps, their collectibility, etc.

No. 47 April 9—Sources of Supply: Where to obtain stamps, how to exchange, buy, sell, etc.

No. 48 April 16—Classification of Stamps: How to correctly identify your stamps, answers to the many questions on color, perforation, varieties, watermarks, etc.

No. 49 April 23—Mounting and Arrangement: How to make the collection look the best and mean the most.

No. 50 April 30—Philatelic Literature: The greatest source of information for collectors.

No. 51 May 7—Terminology of Philately: Explanation of the many puzzling terms encountered.

No. 52 May 14—Definitions and Review: Further additions to your dictionary of philatelic terms.

It is quite probable that these will appear in printed form, provided there is enough general demand for them. Those unable to listen-in may write direct for information, which is free. Address Lt. Col. Ralph A. Kimble, 8118 Dante Ave., Chicago, Ill.

## United States Stamps

For the past year, I have been trying to put across to every collector the fact that, because of no overhead, I am selling United States stamps in any condition desired at prices BELOW market prices. Whether you purchase one or fifty dollars worth each sending makes no difference. Each selection is sent out by me, personally—No young boys, clerks or stenographers automatically placing stamps in cards. You write me what you want and your desires are filed and before me at each sending. I want, very much, to add you to my ever growing and absolutely satisfied list of customers. One trial will, of course, prove to you whether or not, I can, really, save you money and quote lower than you are paying. Make up a want list, include references and GIVE ME THAT TRIAL.
